

COMPANY **PROFILE**

Rock Drill Engineer's Pvt LTD Limited

www.rockdrill.com.pk

PREFACE

In recent years, Pakistan has experienced significant growth in infrastructure development, leading to increased demand for specialized technical services in rock excavation and related fields. Recognizing this need, a group of highly experienced professionals came together to establish Rock Drill Engineers (Pvt.) Ltd., a service-oriented company committed to delivering expert solutions in rock drilling and blasting.

We express our gratitude to Almighty Allah and remain dedicated to upholding the standards expected by our valued clients.

COMPANY OVERVIEW

Established in 2013, Rock Drill Engineers (Pvt.) Ltd. is equally owned by three stakeholders. The company is governed by a Board of Directors and managed by a Chief Executive Officer.

Initially founded with a focus on drilling and blasting, the company has since expanded its services to include excavation material removal and logistics support.

We operate a robust fleet of earthmoving equipment and provide end-to-end support across a wide range of infrastructure projects.

ABOUT

VISION & MISSION

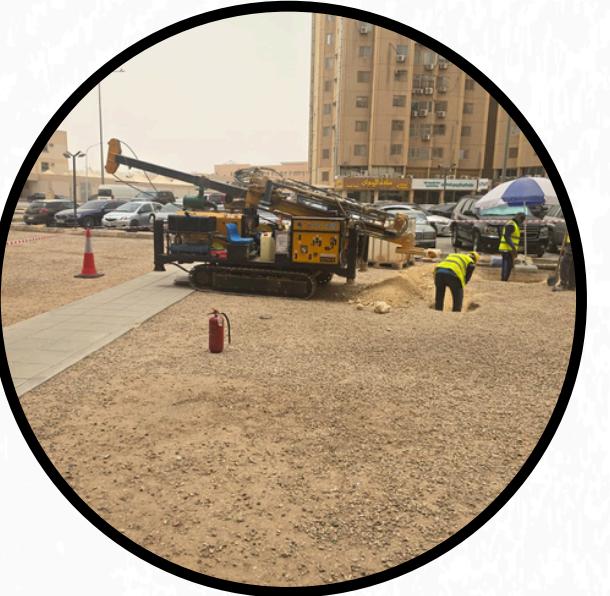

To become Pakistan's leading knowledge-based engineering solutions provider by offering state-of-the-art services with an emphasis on quality, safety, and innovation.

To build a highly competent and equipped team that consistently delivers outstanding performance, ensures safety, and completes projects on time—setting new benchmarks in quality and reliability.

CORE OBJECTIVES

- Deliver services that exceed client expectations.
- Ensure strict adherence to all relevant SOPs, laws, and regulations.
- Uphold zero tolerance for safety violations, dishonesty, and resource wastage.
- Foster a positive, efficient, and professional work environment.
- Continuously adopt modern and advanced operational methodologies.

SCOPE OF ACTIVITIES

Rock Drill Engineer (Pvt.) limited is fully capable of providing services in under-mentioned jobs/fields:

- Rock excavation, controlled/cautious blasting, and handling explosives.
- Development and operation of mining and quarrying projects.
- Disposal, transportation, and logistics of excavated materials.
- Advanced production blasting techniques with environmental compliance.
- Geological and geotechnical investigations (surveys, mapping, drilling, pile testing).
- Specialized blasting operations: pre-splitting, smooth/contour/cushion blasting, demolition.
- Repair and maintenance of heavy drilling machinery.
- Import/export of spare parts and mineral products.
- Training programs for capacity building and skill enhancement.
- Ensuring high-quality results within tight schedules and challenging conditions.
- Provision of consultancy services in Rock Excavation, disposal of excavated materials, mining, quarrying, controlled / cautious blasting, handling of explosives.

CORE VALUES

- Every day, "Safety, every job begins and ends with safety", our primary motto.
- We look after ourselves, our people and those around us.
- Integrity – what we say is what we do.
- We strive for excellence.
- We take responsibility and pride in our work.
- Teamwork – together we deliver results and add value.
- Innovation – we look for the best possible solutions.
- We continually strive to make a positive difference.
- "Can do" attitude.
- We always learn and improve.

INFRASTRUCTURE

The company's resources include strong financial base, core group of qualified and experienced professionals, devoted and experienced group of site engineers/supervisors, professionally trained and skilled tradesmen and well-maintained sizable fleet of related equipment and machinery.

ABOUT MACHINERY LIST

A detailed list of 24+ heavy machinery assets, including:

1-DOZER CAT D8K

2-GRADER CAT

3-EXCAVATOR PC-300

4-O/R DUMPER 30 TONS

5-BLASTING MACHINES ...and many more.

COMPLETED PROJECTS

DHA Sector-P Islamabad (for M/s SOLMATE)

01

KAROT Hydro Power Project (Joint Venture
with Al Huzaifa)

02

03

KAROT Hydro Power Project (Joint Venture
with Al Huzaifa)

04

KAROT Hydro Power Project (Joint Venture
with Al Huzaifa)

ONGOING PROJECTS

Kohi Suleiman Quarry Ops in DG Khan (7,000 Tons/day)

01

Gharib Wal Cement Co. (6,000 Tons/day)

03

Diamer Basha Dam Roads (RBER-001/002/003)

HUMAN RESOURCES

List includes:

- **CEO Muhammad Adnan Qazi — Mining Engineer, 28 years' experience**
- **Mukhtar Ahmed Sheikh — Director Finance**
- **Muhammad Rizwan Qazi — Director IT**

50+ field staff including Site Supervisors, Maintenance Crew, Drilling and Blasting Crew
